What an incredible rebound the beef industry has taken in the last 24 months seeing record prices which is helping to make it a viable industry. Now more than ever top-quality cattle are going to bring a huge premium. With these good times good quality is going to help keep a person's operation viable with all the rising input costs.

In putting together our catalogue it is hard to believe that we have been breeding Charolais cattle since 1968 and Angus cattle since 1985. We believe it is no accident that this set of bulls is this strong. These bulls represent what we have strived for over the last 56 years. They have very moderate birth weights and still have the growth and performance the breeds represent to the commercial industry.

You have to appreciate the hair coat these bulls carry along with strong feet and legs and cleanliness through the sheath. These bulls are all from strong cow families that speak for themselves in what the bulls have sired for sons/daughters. We are very conscious of having good feet on our cattle to help extend their longevity and ability to travel in all kinds of pasture terrain.

With the increasing demand for 2-year-old bulls, we set aside a group of young and promising calves to sell to this market. Since 2018 when we bred our first group of cows in the fall, our offering now includes long yearling bulls. We brought these bulls along with our yearling bulls on a Complete TMR Ration until April. They were then switched on to a high forage/backgrounding ration until turned out on pasture in August. In November we brought these bulls in along with our own herd sires to finish their development into the phenomenal set of bulls you see.

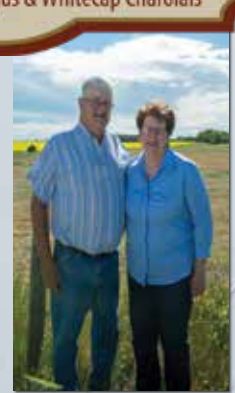

Take a look at the pictures/videos of these bulls. You can see that this is as strong of a set of 2-year-old, long yearling and yearling bulls as we have ever offered to producers. We feel you will find something to fit your program needs.

We are proud of every one of these calves and that's why they wear our brand on their hip. We currently calve 295 cows between the two breeds. Our offering now includes Yearling, Long Yearling and Two-Year Old Bulls.

We look forward to you joining us on April 3, 2024 for our 34th Annual Bull Sale at the Sale Barn.

Welcome to Rosso Charolais

As we embark over 40 years in the business it has us looking back on our past sales; just over 975 bulls have been sold and delivered to numerous provinces across Canada. From the beginning to now we strive to keep our program for what we believe in.

Here at Rosso Charolais, we choose to run walking sires for the fact that the cows are out on pasture getting bred, while we are busy during the haying season. We purchase herd bulls to walk in our pasture allowing us to analyze their breeding drive under ranch conditions. Structural soundness, calving ease, and performance are attributes we look for in our herd bulls and strive to replicate in the bulls we have to offer. Check out their pictures throughout the catalog.

We welcome you to our 34th sale! Please join us for lunch, a visit, and a beverage. Also, everyone is welcome to visit the farm to walk through the bull pen prior to the sale date. If you have any questions, please feel free to give us a call

We bought from C2 CHAROLAIS and chose him for its length and overall depth of body! This is the type of bull that added POUNDS to our bulls and makes them flashy heifer calves. We campaigned this bull last year and everyone that stopped to look, liked him for his big foot and how he could still get out and move.

What does this  mean?

You may have noticed this logo on a few of our Charolais pedigrees. This means that the animal has been 50K/100K DNA tested meaning the accuracy for that animal's EDP increases. This genomically-enhanced EDP allows us to greatly enhance our selection process and better predict the genetic potential of that animal.

Take a look at the bulls actual weaning weights to compare the weights of your weaned calves.

From weaning, Rosso Charolais bulls are fed rations to grow and develop, not fatten. The bulls are fed a 62-65 TDN grain ration and alfalfa hay.

Numbers are subject to amount of feed fed. We believe in calving ease, and cattle that will work for you on the range.

HERD SIRE ALERT!

We campaigned this bull in 2022 with his mother Rosso Ms faith 17F at Brandon AG-X and was named senior cow/calf champion and second in class at CWA! They both had lots of comments on how long and powerful they were! We also campaigned him in 2023 being first in class at CWA. This is what we aim to make he's long deep and has tons of capacity. VAL-END WELLINGTON 22H we purchased to make bull just like YOUNG GUN. This is a bull you breed your front pasture cows! TAKE A LOOK HERE!

If you're looking for a bull with tons of hair, tons of hip with a stacked pedigree **HERE HE IS!** Coming from the great **ROSSO MS ROXY 11F** we love this cow the overall shape and udder quality. She is our front pasture cow! We campaigned her this fall at CWA with her neat heifer calf at foot and the comments we got on the 11F didn't stop. They liked how big and powerful she is and not sacrificing her ability to get out and move. **ROSSO KENZO** is a bull that is going to add pounds and hair to your calf crop!
